Message

It is rightly said that education is the backbone of a nation as it helps to build a strong nation enriched with knowledge, skills, wisdom and values. We need to make our educational system well-equipped to provide quality education to all. And Bangladesh has made remarkable progress in this regard in the last few decades. The present government has taken this task more seriously than ever since it has set goal for achieving-SDG (Sustainable Development Goals) which has a number of interlinked goals with a 'quality education' being a prime goal.

As a result of Covid-19 pandemic the pace of the progress slowed down. Closures of educational institutions and loss of adequate income sources have made the situation worse. According to a reliable source about 40 million students were out of schools, colleges and universities in Bangladesh.

To face the challenges in college education sector, online classes were introduced with the physical classes to minimize the loss in learning process and keeping the students involved in all kinds of learning processes. But it is also bitter fact that a great number of students did not have Wi-Fi access or could not purchase mobile data due to economic condition. For this online classes could not be totally or 100% successful in substituting classroom teaching.

We have a substantial challenge ahead in the coming years to cover up all the losses due to Covid-19 pandemic. Patiya Govt. College, Chattogram has implemented several procurement program undertaken by the CEDP. The CEDP college team of Patiya Govt. College, Chattogram has prepared the APP for the fiscal year 2022-23 of the project. It can be mentioned that their activities are going on in full swing.

We hope that after getting healed from the devastating pandemic, everything is being normal again and we will achieve our target with the help of CEDP.

Chapter-1: Introduction

Patiya is an Upazila of Chattogram District in the Division of Chattogram, Bangladesh. During the British rule, a police station(thana) was established in Patiya in 1845. It was upgraded to an *upazila* in 1984. The region saw revolutionary activities in the 1930s, when revolutionaries from Jugantar and the fugitives of the Chittagong armoury raid fought with British police. During the Bangladesh Liberation War, the area sustained heavy bombings from Pakistan Air Force.^[1] The Pakistani occupation army massacred more than 300 Hindus in Muzaffarabad village on 3 May 1971 in collaboration with the Razakars.

Geography

Patiya is located at 22.3000°N 91.9833°E. The total area of Patiya Upazila is 298.62 km². The township of Patiya has an area of 9.96 km² (3.85 sq mi). It is bounded by Boalkhali Upazila on the north, Chandanaish and Anowara Upazila on the south, Rangunia and Chandanaish Upazilas on the east, Chandgaon, Bakalia, Kotwali, Double Mooring and Bandar Thanas on the west.

Administration

Patiya Thana was formed in 1950 and it was turned into an Upazila in 1983. Patiya Upazila is divided into Patiya Municipality and 22 union parishads: Asia, Bara Uthan, Baralia, Bhatikhain, Chanhara, Char Lakshya, Char Patharghata, Dakshin Bhurshi, Dhalghat, Habilasdwip, Haidgaon, Janglukhain, Jiri, Juldha, Kachuai, Kasiais, Kelishahar, Kharana, Kolagaon, Kusumpura, Sikalbaha, and Sobhandandi. The union parishads are subdivided into 113 mauzas and 208 villages.^[3] Patiya Municipality is subdivided into 9 wards and 13 mahallas.^[3]

History

The College is located on 2.5 acres of land adjacent to Araka Road at Zero point in Patiya Upazila. The official Journey of Patiya College started in 1962 with the help of eminent scholars of Patiya and Anwara police stations centered on the campus of Patiya Adarsha High School.

The foundation stone of the college was laid on a 2.5 acre land donated by Patiya Adarsha High School in 1963 and the first week of August, Dr. Ataul Hakim officially inaugurated the college class. The foundation stone of the science building of the college was laid on 23 July 1967. This college played an important role in the great War of independence of 1971. In 1971, with the sincere cooperation of Babu Shantimoy Khastgir and Mr. Hamidur Rahman, another 4.8 acres of land was acquired and the size of the college increased. The nationalization of Patiya College was announced in 1978 and the college was nationalized on 1 March, 1980.

A Mosque, a number of academic, an administrative building, an auditorium here in the campus and the pond could attract any visitor, students and teachers

Chapter 6: Concluding Remarks

Overall Assessment of Performance of the Last year and Key Target for the Next Year

The teachers and the employees showed creativity and innovative skills in continuing academic and official activities in the changed pandemic situation. They showed quick adaptability and communicative skills too. All these are the part of their accountability with the profession. They also developed problem solving and inter personal skills.

If the pandemic situation continues, we must carry on the technology-assisted programs to ensure the virtual attendance, punctuality, productivity of quality work.

We will arrange more in-house training programs, seminar, cultural competition on virtual platforms and awareness programs and so on.

Evaluation systems will be introduced to ensure the professional commitment of the teachers and the employees as well.

With the development of pandemic situation, programs of virtual platform should be minimized and classroom based activities should be restored as it were previously.

Key Challenges and Risks for the College

Risk Factors:

- Lack of motivation for academic performance
- Changing of negative attitude to positive
- Help to boost up self-respect and level of confidence
- Reducing psychological problems
- Reducing under preparation for academic achievement.

Key to Overcome Challenges:

- Overcoming the academic loss during COVID-19 period
- Enhancing classroom performance
- Setting up technology based modern classrooms
- Developing behavioral pattern and cultural attitude
- Increasing guardians involvement

Recommendations

If the ongoing pandemic situation changes, technological facilities can be increased such as Wi-Fi facilities for both teachers and students. In the remote areas where Wi-Fi facilities are not available, students can be provided with mobile data facilities at a minimum cost. Online examination system should be developed. To make the teachers and officials technologically sound, more ICT based trainings should be imparted to all.
